

Subject: NMSDC is Connecting MBEs with PPP Funding and Providing an Instructional Video

Date: 6/18/2020

Reminder: Must apply by June 26, 2020.

On June 1, 2020, NMSDC partnered with Business Consortium Fund (BCF) and Midwest BankCentre to provide minority businesses access to Paycheck Protect Program (PPP) loans (*see attached press release*). It's critical that our minority businesses sustain/propel through this pandemic; access to capital is a necessity.

The National Minority Supplier Development Council, Inc. (NMSDC) continues to support our MBEs in getting funding during the COVID-19 pandemic. G. Winston Smith, President of Business Consortium Fund (BCF), and Ashley O'Neal of Midwest BankCentre have teamed together on this video to share the important details of the PPP program, documents required, and how to apply for your funding by June 26, 2020. This is an urgent call to action. We do not want you to miss this opportunity. It is our goal to assist MBEs with obtaining access to PPP loans. Watch the [video](#) or immediately begin the application process by [clicking here](#).

Funding is available but the deadline date is quickly approaching and MBEs in need must complete the application now.

We're in this together,

Adrienne Trimble
CEO

Certify. Develop. Connect. Advocate.
