

PortGen: Industry Day

Featuring the North Main Terminal Redevelopment Project

Alaska Airlines (Alaska) will be extensively redeveloping their existing space at the north end of the Main Terminal Ticketing Level (Zones 6 & 7) at SEA Airport to improve passenger processing, security screening throughput, and elevate the overall passenger experience in these areas. Alaska will perform this work via a multi-phase Tenant Reimbursement Agreement (TRA) using a Progressive Design-Build project delivery method.

Join us to learn more about this project!
